

What is vim?

A terminal-based text editor.

The slide features decorative elements consisting of two horizontal teal lines at the top, two thin light blue lines below them, and two thin light blue lines at the bottom. Additionally, there are two short, thick, olive-green horizontal bars, one on the left and one on the right, positioned in the lower half of the slide.

Why (neo)vim?

- Vim motions
- Lightweight & Fast
- Great plugin supports
- Free and Open-source
-

Most important: To mention, “I use vim btw”

What to expect?

- Get familiar with vim motions
- Know how to exit vim
- Feel superior to others
- Feel comfortable with terminal/CUI

You during this workshop

day 1

day 2

day 3
